

College and vocational school student

\$75 monthly

Following graduation from high school, some students are given the opportunity to study at college in Kupang (on the island of Timor), or in Waingapu, Sumba. Many study to be teachers, while others major in agriculture, biology or engineering. Sponsoring a student helps to pay for their tuition and some living expenses.

Teacher at Sekolah Kristen Rehobot

\$160 monthly

The full-time teachers at the Christian school teach grades Junior Kindergarten to Grade 9. Many of them live on the mission compound and are involved in extra activities with the students at the home on Saturdays, Sundays and holidays. They genuinely love and care for the students and help them to succeed in their studies.
